APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the

following limitations and conditions: This permit to change the point of diversion of a portion of the waters of an underground source as heretofore granted under Permit 24153, Certificate 7601 is issued subject to the terms and conditions imposed in said Permit 24153, Certificate 7601 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a measuring device must be installed in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

The total combined amount of water granted under this permit and Permit 30273 is limited to what the well covered under the two permits is capable of producing. If certificates of appropriation are issued under this permit and Permit 30273, the total combined amount of appropriation granted in said certificates shall not exceed what the well covered under the two permits is capable of producing.

In the event Permit 30687 is withdrawn or cancelled prior to the filing of a proof of beneficial use under said permit, the total diversion allowed under Permits 15309 and 15310 and reinstated Permit 24153, Certificate 7601 shall not exceed 4.5 c.f.s. The total duty of water allowed under this permit shall not exceed 233.28 acre-feet per season. The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not

to exceed.....0.43.....cubic feet per second.....but not to exceed a seasonal duty of 5.0 acre-feet per acre of land irrigated from any and/or all sources.
